Commissioner  
U.S. FDA  
Dockets Management Branch  
Room 1-23  
12420 Parklawn DR.  
Rocville, MD 20857

Dear Commissioner of the U.S. FDA,

On behalf of The Blue Ribbon Pony Club and the Red Ribbon Anti- Abuse Campaign we Urge you with all our hearts to grant docket number 98P-01051/CP1 and slaughtering of downed animals for human consumption illegal. The Slaughter of the animals spread diseases that may well be deadly to humans. We would also like you to grant this docket because there is no need to abuse these poor animals that cannot even defend themselves. From the deepest depths of our hearts we wish you to grant this docket because of all reasons above, Animals that cannot walk , eat, or even stand DONOT deserve this cruel punishment and should be sent to an animal rehabilitation center or HUMANELY put down. We also find it utterly unacceptable that the FDA would let these downed animals be dragged on the ground , cruelly abused, and get infected with possibly deadly diseases and then slaughter it for human consumption. So we Beg you to please find it in your heart to grant the docket number 98P-01051/CP1 and make the slaughter of downed animals illegal.

Sincerely,

The Blue Ribbon Pony Club and the Red Ribbon Anti-Abuse Campaign

98P-0151
